A			
Abdomen: Abnormal fat as an indicator of intra-abdominal disease at computed tomography	469	Carcinoma, The evolution of colorectal	425
Abdomen, A pilot evaluation of radiography of the acute	289	Carcinoma, Tumour infarction after pre-operative embolisation of renal	59
Abdominal aorta, Age-related changes in, shown by computed tomography	33	Correspondence	335, 424
Abdominal mass, palpable, Computed tomography in 101 patients with a	293	Cardiac investigations, Digital subtraction imaging in	301
Abscesses, Percutaneous drainage of	9	Carotid artery imaging using duplex scanning and bidirectional arteriography	101
Acalculous gall-bladder disease, The fatty meal and	405	Central nervous system: Transfontanellar ultrasound of term infants	337
Acute renal failure: Urographic appearances in acute and chronic retroperitoneal fibrosis	51	Cerebral palsy patients, A new radiological sign in the hips of Cervical disc disease, Computed tomography in, when myelography is unsatisfactory	47
Adenoid cystic carcinoma of the salivary glands	331	Cervical myelography using iohexol, a new contrast medium	75
Adenomyomatosis shown after fatty meal	405	Chemotherapeutic distribution studies, Value of scintigraphic peritoneography in advanced ovarian malignancies for	465
Age-related changes in the abdominal aorta shown by computed tomography	33	Chemotherapy, Combination, in treatment of Kaposi's sarcoma in Nigeria	155
Allergic broncho-pulmonary aspergillosis	385	Chemotherapy in management of malignant melanoma	151
Angiography and computed tomography: value in malignant paragangliomas of the retroperitoneum	185	Children, Ultrasonic appearances of the septa of Bertin in	107
Anterior cruciate ligament, Computed tomography of the	327	Cholangiography in hepatocellular carcinoma with obstructive jaundice	119
Aorta: Computed tomographic observations in periaortitis	39	Chordoma: results of treatment	159
Arterial embolisation, Therapeutic	85	Colorectal carcinoma, The evolution of	425
Arteriography, Bidirectional: comparison with duplex scanning in carotid artery imaging	101	Computed tomographic and ultrasound changes during alendazole therapy for abdominal hydatid disease	297
Arteriography, Computed tomographic, in the pre-surgical evaluation of hepatic tumours	189	Computed tomographic arteriography in the pre-surgical evaluation of hepatic tumours	189
Arteriography, Conventional, in popliteal artery imaging	409	Computed tomographic observations in periaortitis	39
Arthritis detected by measurement of soft-tissue thickness of the wrist	321	Computed tomography, A comparison of dilute barium and dilute water-soluble contrast in bowel opacification for abdominal	463
Arthrography, Comparative study of iohexol and meglumine iohalamate in double-contrast knee	375	Computed tomography, Abnormal fat as a marker of intra-abdominal disease at	469
Arthrosonography of the painful hip	17	Computed tomography, Age-related changes in the abdominal aorta shown by	33
Aspergillosis, Allergic broncho-pulmonary	385	Computed tomography and angiography: value in malignant paragangliomas of the retroperitoneum	185
Asymptomatic lymphatic hypoplasia	503	Computed tomography and lymphography in the staging and initial management of Hodgkin's disease, Priorities for	447
B			
Barium, dilute, and dilute water-soluble contrast in opacification of the bowel for abdominal computed tomography, A comparison of	463	Computed tomography, Detection of pericardial heart disease by	397
Barium enema in diagnosis of carcinoma of the colon (letter)	252	Computed tomography in 101 patients with a palpable abdominal mass	293
Barium sulphate preparations for double-contrast barium meals, A comparison of two high-density	367	Computed tomography in cervical disc disease when myelography is unsatisfactory	47
Benign mucous membrane pemphigoid, Oesophageal involvement in	131	Computed tomography in delayed splenic rupture	393
Bowel opacification for computed tomography, A comparison of dilute barium and dilute water-soluble contrast in	463	Computed tomography in percutaneous drainage of malignant cysts	475
Bowel preparation, Combinations of laxatives for: are they necessary?	461	Computed tomography in pre-operative assessment of bullous emphysema	43
Bowel wall thickness in inflammatory bowel disease, Ultrasound demonstration of	227	Computed tomography in radiotherapy planning, The respective roles of the simulator and	433
Brain biopsy, Stereotactic, using a narrow aperture computed tomography scanner	209	Computed tomography in radiotherapy treatment planning	147
Breast, Real time ultrasonic characteristics of the	21	Computed tomography in the management of testicular seminoma, Priorities for	441
Broncho-pulmonary aspergillosis, Allergic	385	Computed tomography metrizamide myelography, Prone, in diagnosis of lumbar disc herniation	479
Bullous emphysema, Computed tomography in pre-operative assessment of	43	Computed tomography of pararenal fluid collections in acute pancreatitis	181
C			
Caecal volvulus: a frequently missed diagnosis?	65	Computed tomography of sellar and parasellar lesions	281
Calcific pancreatitis: calcification patterns and pancreatogram correlations	401	Correspondence	424
Calcification patterns and pancreatogram correlations in calcific pancreatitis	401	Computed tomography of soft-tissue lesions of the extremities, pelvic and shoulder girdles: sonographic and pathological correlations	193
Cancer indicated by abnormal intra-abdominal fat at computed tomography	469	Computed tomography of the anterior cruciate ligament	327
Carcinoid tumours of the ileum, Primary: the radiological appearances	451	Computed tomography of the infratemporal fossa in primary jaw pathology	203
Carcinoma of the colon, Barium enema in diagnosis of (letter)	252	Computed tomography scanner, Narrow aperture, in stereotactic brain biopsy	209
Carcinoma of the prostate treated by pelvic node dissection, iodine-125 seed implant and external irradiation: rectal complications	359	Computed tomography, The impact of, on the management of testicular teratoma	443
		Contrast agent-induced emesis	369

INDEX BY BODY SYSTEM

BONES AND JOINTS

	Page
Arthrosonography of the Painful Hip	17
Diaphyseal Paget's Disease: An Unusual Finding in the Tibia	71
Computed Tomography of the Infratemporal Fossa in Primary Jaw Pathology	203
Rheumatoid Arthritis of the Crico-arytenoid and Crico-thyroid Joints: A Radiological and Clinical Study	233
Terminal Phalangeal Sclerosis in Rheumatoid Arthritis	237
Scintigraphic Evaluation of the Painful Prosthetic Joint: A Comparison of Gallium-67 Citrate and Indium-111 Labelled Leucocyte Imaging	239
The Tricho-rhino-phalangeal Syndrome	243
A New Radiological Sign in the Hips of Cerebral Palsy Patients	317
Soft-tissue Thickness of the Wrist	321
A New Method of Measuring the Femoral Anteversion and Neck-Shaft Angles	323
Computed Tomography of the Anterior Cruciate Ligament	327
Radiology of the Suprapatellar Region (Letter)	336
Comparative Study of Iohexol and Meglumine Iothalamate in Double-contrast Knee Arthrography	375
Scintigraphic Patterns in Certain Primary Malignant Bone Tumours	379
Rickets in Adolescence	419
Rotatory Subluxation of the Scaphoid	495

NEURORADIOLOGY (INCLUDING SKULL AND SPINE)

Neurosonographic Identification of Ventricular Asymmetry in Premature Infants	29
Computed Tomography in Cervical Disc Disease When Myelography is Unsatisfactory	47
Cervical Myelography Using Iohexol (Omnipaque), a New Contrast Medium	75
Neurosonographic Identification of Asymmetry in Infants (Letter)	168
Stereotactic Brain Biopsy Using a Narrow Aperture Computed Tomography Scanner	209
Ultrasonic Assessment of Infectious Meningitis	267
Ultrasound Evaluation of Complications in Shunted Hydrocephalus	275
Computed Tomography of Sellar and Parasellar Lesions	281
Radiocography With Non-ionic Contrast Medium: Routine Bed Rest is Unnecessary	287
Transfontanellar Ultrasound of Term Infants	337
Visual Evoked Response Changes Following Intrathecal Injection of Water-soluble Contrast Media: A Possible Method of Assessing Neurotoxicity and a Comparison of Metrizamide and Iopamidol	371
Computed Tomography of Sellar and Parasellar Lesions (Letter)	423
Prone Computed Tomography Metrizamide Myelography: A Technique for Improved Diagnosis of Lumbar Disc Herniation	479
Water-soluble Contrast Medium in the Localisation of Cord and Dural Stab Wounds	483

THERAPY

Chordoma: Results of Treatment	159
The Treatment of Ependymoma of the Brain or Spinal Canal by Radiotherapy: A Report of 79 Cases	163

CARDIOVASCULAR

Age-related Changes in the Abdominal Aorta Shown by Computed Tomography	33
Computed Tomographic Observations in Periaortitis: A Hypothesis	39
Therapeutic Arterial Embolisation: Report of Five Years' Experience	85
Recurrent Varicose Veins: A Radiological Approach to Investigation	95
Carotid Artery Imaging Using Duplex Scanning and Bidirectional Arteriography: A Comparison	101
Digital Subtraction Imaging in Cardiac Investigations	301
Contrast Agent-induced Emesis	369
Detection of Pericardial Heart Disease by Computed Tomography	397
A Comparison of Nuclear Magnetic Resonance and Intravenous Xeroangiography With Conventional Arteriography in Popliteal Artery Imaging	409

RESPIRATORY TRACT AND MEDIASTINUM

Interstitial Lung Disease: The Role of the Radiologist	1
Percutaneous Drainage of Abscesses: A Report of 100 Patients	9
Computed Tomography in Pre-operative Assessment of Bullous Emphysema	43
Pulmonary Radiological Findings in Hepatoma	79
The Thoracic Paraspinal Shadow: A Review of the Appearances in Pathological Conditions	215
Abdominal Hydatid Disease: Computed Tomographic and Ultrasound Changes During Albendazole Therapy	297
Thin-walled Ring Shadows in Early Pulmonary Sarcoidosis	307
Allergic Broncho-pulmonary Aspergillosis: The Radiological Appearance During Long-term Follow-up	385
The Primary Role of Ultrasound in Evaluating Right-sided Diaphragmatic Humps and Juxtadiaphragmatic Masses: A Review of 22 Cases	413

DIGESTIVE TRACT AND ABDOMEN

Percutaneous Drainage of Abscesses: A Report of 100 Patients	9
Computed Tomographic Observations in Periaortitis: A Hypothesis	39

	<i>Page</i>
Caecal Volvulus: A Frequently Missed Diagnosis?	65
Oral Contrast Media in Paediatrics (Letter)	84
Oesophageal Involvement in Benign Mucous Membrane Pemphigoid	131
Washout Versus Non-washout (Picolax) Preparation for Double-contrast Barium Enemas	143
Malignant Paragangliomas of the Retroperitoneum: Value of Computed Tomography and Angiography	185
Adult Duodenal Webs: A Rare Cause of Obstruction	223
Ultrasound Demonstration of Bowel Wall Thickness in Inflammatory Bowel Disease	227
Barium Enema in Diagnosis of Carcinoma of the Colon (Letter)	252
A Pilot Evaluation of Radiography of the Acute Abdomen	289
Computed Tomography in 101 Patients With a Palpable Abdominal Mass	293
Abdominal Hydatid Disease: Computed Tomographic and Ultrasound Changes During Albendazole Therapy	297
A Comparison of Two High-density Barium Sulphate Preparations for Double-contrast Barium Meals	367
The Primary Role of Ultrasound in Evaluating Right-sided Diaphragmatic Humps and Juxtadiaphragmatic Masses: A Review of 22 Cases	413
The Evolution of Colorectal Carcinoma	425
Primary Carcinoid Tumours of the Ileum: The Radiological Appearances	451
Combinations of Laxatives for Bowel Preparation: Are They Necessary?	461
A Comparison of Dilute Barium and Dilute Water-soluble Contrast in Opacification of the Bowel for Computed Tomography	463
Abnormal Fat: A Useful Marker of Intra-abdominal Disease at Computed Tomography	469

THERAPY

The Evolution of Colorectal Carcinoma	425
---	-----

BILIARY TRACT, LIVER, SPLEEN AND PANCREAS

Percutaneous Drainage of Abscesses: A Report of 100 Patients	9
Pulmonary Radiological Findings in Hepatoma	79
Cholangiography in Hepatocellular Carcinoma With Obstructive Jaundice	119
Computed Tomography of Pararenal Fluid Collections in Acute Pancreatitis	181
Computed Tomographic Arteriography in the Pre-surgical Evaluation of Hepatic Tumours	189
Computed Tomography in 101 Patients With a Palpable Abdominal Mass	293
Abdominal Hydatid Disease: Computed Tomographic and Ultrasound Changes During Albendazole Therapy	297
Delayed Splenic Rupture: A True Entity	393
Calcific Pancreatitis: Calcification Patterns and Pancreatogram Correlations	401
The Fatty Meal and Acalculous Gall-bladder Disease	405

URINARY TRACT

Percutaneous Drainage of Abscesses: A Report of 100 Patients	9
Computed Tomographic Observations in Periaortitis: A Hypothesis	39
The Urographic Appearances in Acute and Chronic Retroperitoneal Fibrosis	51
Tumour Infarction After Pre-operative Embolisation of Renal Carcinoma	59
The Ultrasonic Appearances of the Septa of Bertin in Children	107
Electrocardiographic Changes During Intravenous Urography: A Study With Sodium Iothalamate and Iohexol	137
Intravenous Urography With Low-osmolality Contrast Agents: Theoretical Considerations and Clinical Findings	173
Visibility of the Renal Fascia at Intravenous Urography	177
Computed Tomography of Pararenal Fluid Collections in Acute Pancreatitis	181
Computed Tomography in 101 Patients With a Palpable Abdominal Mass	293
Embolisation of Renal Carcinoma (Letter)	335
Embolisation of Renal Carcinoma: Suggested Trial (Letter)	424
The Value of Urethrocytography in the Investigation of Patients With Spinal Cord Injury	485
Upper Urinary Tract Changes in Patients With Spinal Cord Injury	491

HAEMOPOIETIC, LYMPHATIC, RETICULO-ENDOTHELIAL SYSTEMS

A Direct Comparison Between Subcutaneous and Intralymphatic Injections for Lymphoscintigraphy	81
Computed Tomography in 101 Patients With a Palpable Abdominal Mass	293
Lymphatic Hypoplasia Without Lymphoedema	503

THERAPY

Management of Malignant Melanoma: A Retrospective Analysis of 182 Patients	151
Localised Grade 2 Non-Hodgkin's Lymphoma: Results of Treatment With Radiotherapy	253
The Place of Staging Laparotomy in the Management of Hodgkin's Disease	261
Lymphocyte Subpopulations in Hodgkin's Disease and Non-Hodgkin's Lymphoma and the Effects of Radiotherapy	353
Priorities for Computed Tomography and Lymphography in the Staging and Initial Management of Hodgkin's Disease	447
Staging Laparotomy in Hodgkin's Disease (Letter)	508

REPRODUCTIVE SYSTEM

Radionuclide Evaluation of Acute Scrotal Disease	125
Computed Tomography in 101 Patients With a Palpable Abdominal Mass	293
Ultrasonic Appearances Associated With Prostatic Inflammation: A Preliminary Study	343
Scintigraphic Peritoneography in Advanced Ovarian Malignancies: Its Value for Chemotherapeutic Distribution Studies	465

THERAPY

Real-time Ultrasonic Characteristics of the Breast	21
The Subcutaneous Reaction: A Useful Mammographic Sign	311

SKIN AND SOFT TISSUES

Computed Tomography of Soft-tissue Lesions of the Extremities, Pelvic and Shoulder Girdles: Sonographic and Pathological Correlations	193
Computed Tomography of the Infratemporal Fossa in Primary Jaw Pathology	203
Soft-tissue Thickness of the Wrist	321

THERAPY

Management of Malignant Melanoma: A Retrospective Analysis of 182 Patients	151
The Treatment of Kaposi's Sarcoma by Combination Chemotherapy in Nigeria	155

PAEDIATRIC

Neurosonographic Identification of Ventricular Asymmetry in Premature Infants	29
Oral Contrast Media in Paediatrics (Letter)	84
The Ultrasonic Appearances of the Septa of Bertin in Children	107
Neurosonographic Identification of Ventricular Asymmetry in Infants (Letter)	168
Ultrasonic Assessment of Infectious Meningitis	267
Ultrasound Evaluation of Complications in Shunted Hydrocephalus	275
Transfontanelar Ultrasound of Term Infants	337
Rickets in Adolescence	419

COMPUTED TOMOGRAPHY

Age-related Changes in the Abdominal Aorta Shown by Computed Tomography	33
Computed Tomographic Observations in Periaortitis: A Hypothesis	39
Computed Tomography in Pre-operative Assessment of Bullous Emphysema	43
Computed Tomography in Cervical Disc Disease When Myelography is Unsatisfactory	47
